| Product Description        | 1-beta-D-Ribofuranosyl-1H-pyrazolo[3,4-d]pyrimidine-4,6-diamine is a purine nucleoside analog. Purine nucleoside analogs have broad antitumor activity targeting indolent lymphoid malignancies. Anticancer mechanisms in this process rely on inhibition ... |
| Molecular Weight           | 282.26                                                                                                                                                                                                                                                        |
