## Product Datasheet

### 7,8-Dihydro-8-oxo-7-propargyl-3-deoxy guanosine, CAS [[2389988-54-7]]

**Preis auf Anfrage**

**MCE-HY-154284**

|                            |                                                                                                                                                                                                                                                               |

| Product Description        | 7,8-Dihydro-8-oxo-7-propargyl-3-deoxy guanosine is a purine nucleoside analog. Purine nucleoside analogs have broad antitumor activity targeting indolent lymphoid malignancies. Anticancer mechanisms in this process rely on inhibition of DNA synthesis... |
| Molecular Weight           | 321.29                                                                                                                                                                                                                                                        |
