| Category                   | Biochemikalien                                                                                |
| Product Description        | LLIYYTSSLHSGVPSR-(Arg-13C6,15N4) (TFA) is the peptide containing 13C- and 15N-labeled Arg.... |
| Molecular Weight           | 1802.96 (free acid)                                                                           |
| Formula                    | C76 13C6H129N17 15N4O24.xC2HF3O2                                                              |
| Target                     | Isotope-Labeled Compounds                                                                     |
| Application Notes          | MCE Product type: Isotope-Labeled Compounds                                                   |
