| Manufacturer               | MedchemExpress                                                                            |
| Category                   | Biochemikalien                                                                            |
| Product Description        | Lapatinib impurity 18-d4 is deuterium labeled 3-Chloro-4-((3-fluorobenzyl)oxy)aniline.... |
| Molecular Weight           | 255.71                                                                                    |
| Formula                    | C13H7D4ClFNO                                                                              |
| Target                     | Drug Metabolite,Isotope-Labeled Compounds                                                 |
| Application Notes          | MCE Product type: Isotope-Labeled Compounds                                               |
