| Manufacturer               | MedchemExpress                                                                                |
| Category                   | Biochemikalien                                                                                |
| Product Description        | Chlorzoxazone-13C,15N,d2 is 13C-, 15N-, and deuterium-labeled Chlorzoxazone (HY-B1462)[1].... |
| Molecular Weight           | 173.56                                                                                        |
| Formula                    | C6 13CH2D2Cl 15NO2                                                                            |
| Target                     | Cytochrome P450,Isotope-Labeled Compounds                                                     |
| Application Notes          | MCE Product type: Isotope-Labeled Compounds                                                   |
