| Category                   | Biochemikalien                                                                                                                                             |
| Product Description        | Quorum sensing-IN-4 (compound 2) is a quorum sensing inhibitor, and can be isolated from Thailand mangrove-derived Streptomyces strain, OUCMDZ-5511[1].... |
| Molecular Weight           | 247.68                                                                                                                                                     |
| Formula                    | C13H10ClNO2                                                                                                                                                |
| Target                     | Bacterial                                                                                                                                                  |
| Application Notes          | MCE Product type: Natural Products                                                                                                                         |
