| Product Description        | Z-DEVD-R110 ((Z-Asp-Glu-Val-Asp) <sub>2</sub> -Rhodamine 110) is a fluorogenic caspase-3/7 substrate. Z-DEVD-R110 can be used to detect apoptosis. Z-DEVD-R110 is a rhodamine derivative with two four-amino acid (DEVD) peptides linked to the fluorophore[1].... |
| Molecular Weight           | 1515.44                                                                                                                                                                                                                                                            |
