| Manufacturer               | MedchemExpress                                                                                                                                                                         |
| Category                   | Sonstiges                                                                                                                                                                              |
| Product Description        | hsa-miR-4761-3p mimics are small, chemically synthesized double-stranded RNAs that mimic endogenous miRNAs and enable miRNA functional analysis by up-regulation of miRNA activity.... |
| Molecular Weight           | 13336.08                                                                                                                                                                               |
| Target                     | MicroRNA                                                                                                                                                                               |
| Application Notes          | MCE Product type: Oligonucleotides                                                                                                                                                     |
