| Manufacturer               | MedchemExpress                                                                                                                                                                        |
| Category                   | Sonstiges                                                                                                                                                                             |
| Product Description        | mmu-miR-325-5p mimics are small, chemically synthesized double-stranded RNAs that mimic endogenous miRNAs and enable miRNA functional analysis by up-regulation of miRNA activity.... |
| Molecular Weight           | 14632.83                                                                                                                                                                              |
| Target                     | MicroRNA                                                                                                                                                                              |
| Application Notes          | MCE Product type: Oligonucleotides                                                                                                                                                    |
