| UniProt                    | <a href="#">Q96LL9</a>                                                                                                                                                                                             |
| Expression System          | E.coli                                                                                                                                                                                                             |
| Purity                     | > 95 % as determined by reducing SDS-PAGE.                                                                                                                                                                         |
| Form                       | Lyophilized from sterile PBS, pH7.4 Normally 5% - 8% trehalose, mannitol and 0.01% Tween 80 are added as protectants before lyophilization. Please refer to the specific buffer information in the printed manual. |
| Sequence                   | Ser39-Gly124                                                                                                                                                                                                       |
