| Category                   | Antikörper                                                                                                                                                                                                                                                      |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                      |
| Concentration              | 1.0 mg/ml                                                                                                                                                                                                                                                       |
| Purity                     | Antibodies were produced by immunizing rabbits with synthetic phosphopeptide and KLH conjugates. Antibodies were purified by affinity-chromatography using epitope-specific phosphopeptide. Non-phospho specific antibodies were removed by chromatogramphy usi |
| Form                       | Rabbit IgG in phosphate buffered saline (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.                                                                                                              |
