| Manufacturer               | MyBiosource                                                                                                                                        |
| Host                       | Rabbit                                                                                                                                             |
| Category                   | Antikörper                                                                                                                                         |
| Clonality                  | Polyclonal                                                                                                                                         |
| Concentration              | 1.0 mg/ml                                                                                                                                          |
| Purity                     | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.                              |
| Form                       | Rabbit IgG in phosphate buffered saline (without Mg <sup>2+</sup> and Ca <sup>2+</sup> ), pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. |
