| Manufacturer               | Nordic BioSite                                                                                                       |
| Host                       | Rabbit                                                                                                               |
| Category                   | Antikörper                                                                                                           |
| Application                | ELISA, IHC, WB                                                                                                       |
| Species Reactivity         | Human                                                                                                                |
| Immunogen                  | A synthetic peptide corresponding to a sequence at N-terminus of human MAVS.                                         |
| Conjugation                | Biotin                                                                                                               |
| Product Description        | Anti-MAVS Antibody . Tested in Flow Cytometry, IHC, IHC-F, ICC, WB applications. This antibody reacts with Human.... |
| Clonality                  | Polyclonal                                                                                                           |
| Concentration              | 500 ug/ml                                                                                                            |
| Molecular Weight           | 56528 MW                                                                                                             |
| NCBI                       | <a href="#">57506</a>                                                                                                |
| UniProt                    | <a href="#">Q7Z434</a>                                                                                               |
