| Category                   | Proteine/Peptide                                                                                                             |
| Application                | SDS-PAGE                                                                                                                     |
| Product Description        | Human GCN5L2 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 411-837aa. Application(s): SDS-PAGE.... |
| Concentration              | 0.25 mg/ml                                                                                                                   |
| Molecular Weight           | 51.1 kDa (447a) confirmed by MALDI-TOF                                                                                       |
| Tag                        | HIS Tag                                                                                                                      |
| NCBI                       | <a href="#">2648</a>                                                                                                         |
| UniProt                    | <a href="#">Q92830</a>                                                                                                       |
| Purity                     | >90%                                                                                                                         |
