| Category                   | Proteine/Peptide                                                                                                             |
| Application                | SDS-PAGE                                                                                                                     |
| Product Description        | Human CD-M6PR Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 27-185aa. Application(s): SDS-PAGE.... |
| Concentration              | 0.5 mg/ml                                                                                                                    |
| Molecular Weight           | 20.3 kDa (182aa) confirmed by MALDI-TOF                                                                                      |
| Tag                        | HIS Tag                                                                                                                      |
| NCBI                       | <a href="#">4074</a>                                                                                                         |
| UniProt                    | <a href="#">P20645</a>                                                                                                       |
| Purity                     | >85%                                                                                                                         |
