| Category                   | Proteine/Peptide                                                                                                             |
| Application                | SDS-PAGE                                                                                                                     |
| Product Description        | E. coli glk Recombinant Protein expressed in E. coli with His-tag.<br>Sequence domain: 1-321aa. Application(s): SDS-PAGE.... |
| Concentration              | 1 mg/ml                                                                                                                      |
| Molecular Weight           | 37.1 kDa (344aa) confirmed by MALDI-TOF                                                                                      |
| Tag                        | HIS Tag                                                                                                                      |
| NCBI                       | <a href="#">946858</a>                                                                                                       |
| UniProt                    | <a href="#">P0A6V8</a>                                                                                                       |
| Purity                     | >95%                                                                                                                         |
