| Category                   | Proteine/Peptide                                                                                                                 |
| Application                | SDS-PAGE                                                                                                                         |
| Product Description        | Human SELH (SC44C) Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-122aa. Application(s): SDS-PAGE.... |
| Concentration              | 0.5 mg/ml                                                                                                                        |
| Molecular Weight           | 15.8 kDa (145aa) confirmed by MALDI-TOF                                                                                          |
| Tag                        | HIS Tag                                                                                                                          |
| NCBI                       | <a href="#">280636</a>                                                                                                           |
| UniProt                    | <a href="#">Q8IZQ5</a>                                                                                                           |
| Purity                     | >90%                                                                                                                             |
| Target                     | SELENOH                                                                                                                          |
