| Category                   | Proteine/Peptide                                                                                                                           |
| Application                | SDS-PAGE                                                                                                                                   |
| Product Description        | Human Importin alpha 2/KPNA2 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-529aa. Application(s): SDS-PAGE.... |
| Concentration              | 1 mg/ml                                                                                                                                    |
| Molecular Weight           | 60.4 kDa (553aa)                                                                                                                           |
| Tag                        | HIS Tag                                                                                                                                    |
| NCBI                       | <a href="#">3838</a>                                                                                                                       |
| UniProt                    | <a href="#">P52292</a>                                                                                                                     |
| Purity                     | >90%                                                                                                                                       |
