| Category                   | Proteine/Peptide                                                                                                             |
| Application                | SDS-PAGE                                                                                                                     |
| Product Description        | Human GLYAT Recombinant Protein expressed in E. coli with His-tag.<br>Sequence domain: 1-296aa. Application(s): SDS-PAGE.... |
| Concentration              | 0.5 mg/ml                                                                                                                    |
| Molecular Weight           | 36.0 kDa (316aa) confirmed by MALDI-TOF                                                                                      |
| Tag                        | HIS Tag                                                                                                                      |
| NCBI                       | <a href="#">10249</a>                                                                                                        |
| UniProt                    | <a href="#">Q6IB77</a>                                                                                                       |
| Purity                     | >90%                                                                                                                         |
