| Manufacturer               | Nordic BioSite                                                                                                                          |
| Category                   | Proteine/Peptide                                                                                                                        |
| Application                | SDS-PAGE                                                                                                                                |
| Product Description        | Human IGFBP-3 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 28-291aa. Application(s): SDS-PAGE, Denatured.... |
| Concentration              | 1 mg/ml                                                                                                                                 |
| Molecular Weight           | 31 kDa (285aa)                                                                                                                          |
| Tag                        | HIS Tag                                                                                                                                 |
| NCBI                       | <a href="#">3486</a>                                                                                                                    |
| UniProt                    | <a href="#">P17936</a>                                                                                                                  |
| Purity                     | >90%                                                                                                                                    |
| Target                     | IGFBP3                                                                                                                                  |
