| Category                   | Proteine/Peptide                                                                                                         |
| Application                | SDS-PAGE                                                                                                                 |
| Product Description        | Human VTA1 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-307aa. Application(s): SDS-PAGE.... |
| Concentration              | 1 mg/ml                                                                                                                  |
| Molecular Weight           | 36.4 kDa (331aa) confirmed by MALDI-TOF                                                                                  |
| Tag                        | HIS Tag                                                                                                                  |
| NCBI                       | <a href="#">51534</a>                                                                                                    |
| UniProt                    | <a href="#">Q9NP79</a>                                                                                                   |
| Purity                     | >95%                                                                                                                     |
| Target                     | VTA1                                                                                                                     |
