| Manufacturer               | Nordic BioSite                                                                                                                                                       |
| Host                       | Rabbit                                                                                                                                                               |
| Category                   | Antikörper                                                                                                                                                           |
| Application                | FC                                                                                                                                                                   |
| Species Reactivity         | Human                                                                                                                                                                |
| Immunogen                  | E.coli-derived human Collagen IV recombinant protein (Position: G1445-T1669). Human Collagen IV shares 97% amino acid (aa) sequence identity with mouse Collagen IV. |
| Conjugation                | Cy3                                                                                                                                                                  |
| Product Description        | Anti-Collagen IV/COL4A1 Antibody . Tested in IF, IHC, WB applications. This antibody reacts with Human....                                                           |
| Clonality                  | Polyclonal                                                                                                                                                           |
| Concentration              | 500 ug/ml                                                                                                                                                            |
| Molecular Weight           | 138564 MW                                                                                                                                                            |
| Sensitivity                | <5pg/ml                                                                                                                                                              |
