| Article Name               | Histone H1.0/H1F0, IgG2b, Clone: [5I3E6], Unconjugated, Mouse, Monoclonal                                                                        |
| Biozol Catalog Number      | NBS-ABB-70XEOU-100                                                                                                                               |
| Supplier Catalog Number    | ABB-70XEOU-100                                                                                                                                   |
| Alternative Catalog Number | NBS-ABB-70XEOU-100                                                                                                                               |
| Manufacturer               | Nordic BioSite                                                                                                                                   |
| Host                       | Mouse                                                                                                                                            |
| Category                   | Antikörper                                                                                                                                       |
| Application                | FC, IHC, WB                                                                                                                                      |
| Species Reactivity         | Human, Mouse                                                                                                                                     |
| Immunogen                  | E.coli-derived human Histone H1.0/H1F0 recombinant protein (Position: K20-K159).                                                                 |
| Conjugation                | Unconjugated                                                                                                                                     |
| Product Description        | Anti-Histone H1.0/H1F0 Antibody (monoclonal, 5I3E6) . Tested in Flow Cytometry, IHC, WB applications. This antibody reacts with Human, Mouse.... |
| Clonality                  | Monoclonal                                                                                                                                       |
| Concentration              | 500 ug/ml                                                                                                                                        |
| Clone Designation          | [5I3E6]                                                                                                                                          |

|                  |                        |
|------------------|------------------------|
| Molecular Weight | 24 kDa                 |
| Isotype          | IgG2b                  |
| Sensitivity      | >5000 cells            |
| NCBI             | <a href="#">3005</a>   |
| UniProt          | <a href="#">P07305</a> |
| Target           | H1.0/H1F0              |
| Antibody Type    | Primary Antibody       |
