| Manufacturer               | Nordic BioSite                                                                                                   |
| Host                       | Rabbit                                                                                                           |
| Category                   | Antikörper                                                                                                       |
| Application                | ELISA, WB                                                                                                        |
| Species Reactivity         | Human, Mouse, Rat                                                                                                |
| Immunogen                  | Synthesized peptide derived from human protein at AA range: 220-300                                              |
| Product Description        | Anti-Fetuin-B FETUB Antibody . Tested in ELISA, WB applications. This antibody reacts with Human, Mouse, Rat.... |
| Clonality                  | Polyclonal                                                                                                       |
| Concentration              | 1 mg/ml                                                                                                          |
| Molecular Weight           | 42055 MW                                                                                                         |
| NCBI                       | <a href="#">26998</a>                                                                                            |
| UniProt                    | <a href="#">Q9UGM5</a>                                                                                           |
| Target                     | FETUB                                                                                                            |
