| Article Name               | ELK1, Clone: [CHG-5], Unconjugated, Rabbit, Monoclonal                                                                             |
| Biozol Catalog Number      | NBS-ABB-8A2OLX-100                                                                                                                 |
| Supplier Catalog Number    | ABB-8A2OLX-100                                                                                                                     |
| Alternative Catalog Number | NBS-ABB-8A2OLX-100                                                                                                                 |
| Manufacturer               | Nordic BioSite                                                                                                                     |
| Host                       | Rabbit                                                                                                                             |
| Category                   | Antikörper                                                                                                                         |
| Application                | ICC, IF, IHC, IP, WB                                                                                                               |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                  |
| Immunogen                  | A synthesized peptide derived from human ELK1                                                                                      |
| Conjugation                | Unconjugated                                                                                                                       |
| Product Description        | Anti-ELK1 Rabbit Monoclonal Antibody . Tested in WB, IHC, ICC/IF, IP applications. This antibody reacts with Human, Mouse, Rat.... |
| Clonality                  | Monoclonal                                                                                                                         |
| Concentration              | 0.5-1mg/ml, actual concentration vary by lot. Use suggested dilution ratio to decide dilution procedure.                           |
| Clone Designation          | [CHG-5]                                                                                                                            |
| Molecular Weight           | 44888 MW                                                                                                                           |
| Sensitivity                | >5000 cells                                                                                                                        |

|               |                                                                                                                     |
|---------------|---------------------------------------------------------------------------------------------------------------------|
| NCBI          | <a href="#">2002</a>                                                                                                |
| UniProt       | <a href="#">P19419</a>                                                                                              |
| Buffer        | Rabbit IgG in phosphate buffered saline, pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol, 0.4-0.5mg/ml BSA. |
| Form          | Liquid                                                                                                              |
| Target        | ELK1                                                                                                                |
| Antibody Type | Primary Antibody                                                                                                    |
