| Manufacturer               | Nordic BioSite                                                                                                        |
| Host                       | Rabbit                                                                                                                |
| Category                   | Antikörper                                                                                                            |
| Application                | ELISA, IHC, WB                                                                                                        |
| Species Reactivity         | Human, Rat                                                                                                            |
| Immunogen                  | E.coli-derived human DOCK4 recombinant protein (Position: K191-I1837).                                                |
| Conjugation                | HRP                                                                                                                   |
| Product Description        | Anti-DOCK4 Antibody . Tested in ELISA, Flow Cytometry, IHC, WB applications. This antibody reacts with Human, Rat.... |
| Clonality                  | Polyclonal                                                                                                            |
| Concentration              | 500 ug/ml                                                                                                             |
| NCBI                       | <a href="#">9732</a>                                                                                                  |
| UniProt                    | <a href="#">Q8N1I0</a>                                                                                                |
| Target                     | DOCK4                                                                                                                 |
