| Manufacturer               | Boster Bio                                                                                                                                                                                                                                                   |
| Host                       | Rabbit                                                                                                                                                                                                                                                       |
| Category                   | Antikörper                                                                                                                                                                                                                                                   |
| Application                | WB                                                                                                                                                                                                                                                           |
| Species Reactivity         | Human                                                                                                                                                                                                                                                        |
| Immunogen                  | A synthetic peptide corresponding to a sequence at the C-terminus of human HEXA, different from the related mouse sequence by three amino acids, and from the related rat sequences by four amino acids.                                                     |
| Conjugation                | iFluor647                                                                                                                                                                                                                                                    |
| Product Description        | Boster Bio Anti-HEXA Antibody catalog PA1787-2. Tested in WB applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong signals with minimal back... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                   |
| Concentration              | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |

|                    |                                                                                                                               |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------|
| Molecular Weight   | 57 kDa                                                                                                                        |
| UniProt            | <a href="#">P06865</a>                                                                                                        |
| Buffer             | Each vial contains 5mg BSA, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg Thimerosal, 0.05mg NaN <sub>3</sub> . |
| Purity             | Immunogen affinity purified.                                                                                                  |
| Form               | Lyophilized                                                                                                                   |
| Application Dilute | Western blot, 0.1-0.5µg/ml, Human                                                                                             |
