| Application                | ELISA, FC, WB                                                                                                                                                                                                                                                |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                                                                            |
| Immunogen                  | E.coli-derived human ZPI/SERPINA10 recombinant protein (Position: L128-E427).                                                                                                                                                                                |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                 |
| Product Description        | Boster Bio Anti-ZPI/SERPINA10 Antibody Picoband catalog A05576-2. Tested in ELISA, Flow Cytometry, WB applications. This antibody reacts with Human, Mouse, Rat. The brand Picoband indicates this is a premium antibody that guarantees superior quality... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                   |
| Concentration              | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molecular Weight           | 71 kDa                                                                                                                                                                                                                                                       |

|                    |                                                                                                                                       |
|--------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| UniProt            | <a href="#">Q9UK55</a>                                                                                                                |
| Buffer             | Each vial contains 4 mg Trehalose, 0.9 mg NaCl, 0.2 mg Na2HPO4.                                                                       |
| Purity             | Immunogen affinity purified.                                                                                                          |
| Form               | Lyophilized                                                                                                                           |
| Application Dilute | Western blot, 0.25-0.5 µg/ml, Human, Mouse, Rat Flow Cytometry (Fixed), 1-3 µg/1x10 <sup>6</sup> cells, Human ELISA, 0.1-0.5 µg/ml, - |
