| Host                       | Mouse                                                                                               |
| Category                   | Antikörper                                                                                          |
| Application                | IHC                                                                                                 |
| Species Reactivity         | Human                                                                                               |
| Immunogen                  | Synthesized peptide corresponding to amino acids 220-461 SF-1 protein                               |
| Conjugation                | Unconjugated                                                                                        |
| Product Description        | Anti-NR5A1 antibody (220-461aa) [N1665]...                                                          |
| Clonality                  | Monoclonal                                                                                          |
| Clone Designation          | [N1665]                                                                                             |
| NCBI                       | <a href="#">2516</a>                                                                                |
| UniProt                    | <a href="#">Q13285</a>                                                                              |
| Buffer                     | Purified antibody diluted in Tris-HCl buffer containing stabilizing protein and <0.1% sodium azide. |

|                    |                  |
|--------------------|------------------|
| Target             | NR5A1            |
| Antibody Type      | Primary Antibody |
| Application Dilute | 1:50-100         |
