| Immunogen                  | Expression system for standard: CHO, Immunogen sequence: Q283-R396                                                                   |
| Conjugation                | Unconjugated                                                                                                                         |
| Product Description        | Mouse BMP-2 ELISA Kit (96 Tests). Quantitate Mouse Bmp2 in bone tissue, cell culture supernatants and serum. Sensitivity: 2pg/ml.... |
| Molecular Weight           | 44525 MW                                                                                                                             |
| Range                      | 31.2 pg/ml - 2,000 pg/ml                                                                                                             |
| Sensitivity                | <2 pg/ml                                                                                                                             |
| NCBI                       | <a href="#">12156</a>                                                                                                                |
| UniProt                    | <a href="#">P21274</a>                                                                                                               |
| Target                     | BMP-2                                                                                                                                |
