| Category                   | Proteine/Peptide                                                                                                                                                                                                                    |
| Immunogen                  | Recombinant Human Trk-A/NTRK1 Protein is produced by HEK293 expression system. The target protein is expressed with sequence (Ala33-Glu407) of human TrkA (Accession NP_001012331.1) fused with an Fc, 6*His tag at the C-terminus. |
| Product Description        | Human Trk-A/NTRK1 protein (Recombinant) (C-hFc & His)...                                                                                                                                                                            |
