## Product Datasheet

**Recombinant Arabidopsis thaliana Transcription factor FER-LIKE IRON DEFICIENCY-INDUCED TRANSCRIPTION FACTOR(FIT),Escherichia Coli**  
**Preis auf Anfrage**  
**CSB-EP611716DOA**

|                            |                                                                                                                                                        |

| Application Notes | We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Please reconstitute protein in deionized sterile water to a concentration of 0.1-1.0 mg/mL. We recommend to add 5-50% of glycerol (final concentration) and aliquot for long-term storage at -20°C/-80°C. Our default final concentration of glycerol is 50%. Customers could use it as reference. |
