| Category                   | Biochemikalien                                                                                                              |
| Product Description        | Tiglyl Glycine-13C2,15N Methyl Ester is the 13C- and 15N-labeled Methyl (E)-(2-methylbut-2-enoyl)glycinate (HY-W702309).... |
| Molecular Weight           | 174.17                                                                                                                      |
| Formula                    | C6 13C2H13 15NO3                                                                                                            |
| Target                     | Isotope-Labeled Compounds                                                                                                   |
| Application Notes          | MCE Product type: Isotope-Labeled Compounds                                                                                 |
