| Product Description        | N-t-Boc-1-adamantylamine-d15 is the deuterium labeled tert-Butyl adamantan-1-ylcarbamate (HY-W009492).... |
| Molecular Weight           | 266.46                                                                                                    |
| Formula                    | C15H10D15NO2                                                                                              |
| Target                     | Isotope-Labeled Compounds                                                                                 |
| Application Notes          | MCE Product type: Isotope-Labeled Compounds                                                               |
