| Category                   | Biochemikalien                                                                                                                                                                                          |
| Product Description        | Dihydro Isoferulic Acid-d3 3-O-b-D-Glucuronide is the deuterium labeled (2S,3S,4S,5R,6S)-6-(5-(2-Carboxyethyl)-2-methoxyphenoxy)-3,4,5-trihydroxytetrahydro-2H-pyran-2-carboxylic acid (HY-W703563).... |
| Molecular Weight           | 375.34                                                                                                                                                                                                  |
| Formula                    | C16H17D3O10                                                                                                                                                                                             |
| Target                     | Isotope-Labeled Compounds                                                                                                                                                                               |
| Application Notes          | MCE Product type: Isotope-Labeled Compounds                                                                                                                                                             |
