| Category                   | Biochemikalien                                                                                                                        |
| Product Description        | 1,4-Diiodobutane-13C4 (Tetramethylene Iodide (stabilized with Copper chip)-13C4) is the 13C-labeled 1,4-Diiodobutane (HY-W004871).... |
| Molecular Weight           | 313.89                                                                                                                                |
| CAS Number                 | [2731163-22-5]                                                                                                                        |
| Formula                    | 13C4H8I2                                                                                                                              |
| Target                     | Isotope-Labeled Compounds                                                                                                             |
| Application Notes          | MCE Product type: Isotope-Labeled Compounds                                                                                           |
