| Alternative Catalog Number | ECH-177-25-1MG,ECH-177-25-5MG                                                                                                                                                                                                                                                         |
| Manufacturer               | Echelon Biosciences                                                                                                                                                                                                                                                                   |
| Category                   | Molekularbiologie                                                                                                                                                                                                                                                                     |
| Product Description        | CAS Number: 31362-50-2 Molecular Weight: 1618.82 Salt Form: TFA Purity: >96% Sequence (3-letter): Glp-Gln-Arg-Leu-Gly-Asn-Gln-Trp-Ala-Val-Gly-His-Leu-Met-NH <sub>2</sub> Sequence (1-letter): (Glp)QRLGNQWAVGHLM-NH <sub>2</sub> Storage: -20 °C or below Solubility: Soluble in ... |
| Application Notes          | Categories: Peptides. Related: Neuropeptides & Hormones. Ship 1 : Shipping Temp. Ship 2: Ambient Temperature                                                                                                                                                                          |
