| Supplier Catalog Number    | H-025F                                                                                                                                                                                                                                                                        |
| Alternative Catalog Number | ECH-H-025F-10MG                                                                                                                                                                                                                                                               |
| Manufacturer               | Echelon Biosciences                                                                                                                                                                                                                                                           |
| Category                   | Molekularbiologie                                                                                                                                                                                                                                                             |
| Product Description        | <p>HA30-BODIPY-FL is made up of hyaluronic acid labeled with the green fluorophore Bodipy-FL Average MW: 24 kDa</p> <hr/> <p>Hyaluronic acid (HA) is a high molecular weight anionic polysaccharide (1,000-10,000 kD) composed of repeating disaccharides and is one o...</p> |
| Application Notes          | Categories: Biochemical Reagents. Related: Fluorescent, Hyaluronic Acid. Ship 1 : Shipping Temp. Ship 2: Ambient Temperature                                                                                                                                                  |
