| Category                   | Biochemikalien                                                                                   |
| Product Description        | Methyl-d3 diphenyl phosphate is the deuterium labeled Methyl diphenyl phosphate (HY-W290291).... |
| Molecular Weight           | 267.23                                                                                           |
| Formula                    | C13H10D3O4P                                                                                      |
| Target                     | Isotope-Labeled Compounds                                                                        |
| Application Notes          | MCE Product type: Isotope-Labeled Compounds                                                      |
