| Category                   | Antikörper                                                                                                                                                                                             |
| Application                | ICC, WB                                                                                                                                                                                                |
| Species Reactivity         | Human                                                                                                                                                                                                  |
| Conjugation                | Unconjugated                                                                                                                                                                                           |
| Product Description        | The SMN complex plays an essential role in spliceosomal snRNP assembly in the cytoplasm and is required for pre-mRNA splicing in the nucleus. It may also play a role in the metabolism of snoRNPs.... |
| Clonality                  | Monoclonal                                                                                                                                                                                             |
| Molecular Weight           | Calculated MW: 32 kDa, Observed MW: 35 kDa                                                                                                                                                             |
| NCBI                       | <a href="#">6606</a>                                                                                                                                                                                   |
| UniProt                    | <a href="#">Q16637</a>                                                                                                                                                                                 |
| Buffer                     | Purified antibody in TBS with 0.05% sodium azide,0.05%BSA and 50% glycerol.                                                                                                                            |
