### Recombinant Human Folylpolyglutamate synthase, mitochondrial (FOLC), Biotinylated Preis auf Anfrage CSB-MP2371HU-B

|                            |   |
|----------------------------|---|
| Article Name               | Recombinant Human Folylpolyglutamate synthase, mitochondrial (FOLC), Biotinylated Preis auf Anfrage   |
| Biozol Catalog Number      | CSB-MP2371HU-B  |
| Supplier Catalog Number    | CSB-MP2371HU-B  |
| Alternative Catalog Number | CSB-MP2371HU-B-20, CSB-MP2371HU-B-100, CSB-MP2371HU-B-1   |
| Manufacturer               | Cusabio   |
| Category                   | Proteine/Peptide  |
| Species Reactivity         | Human   |
| Molecular Weight           | /   |
| Tag                        | Tag type will be determined during the manufacturing process. (Note:If you have specified tag type, please tell us or remark on your PO and we will develop the specified tag preferentially.)                              |
| UniProt                    | <a href="#">Q05932</a>  |
| Buffer                     | If the delivery form is liquid, the default storage buffer is Tris/PBS-based buffer, 20%-50% glycerol. If the delivery form is lyophilized powder, the buffer before lyophilization is Tris/PBS-based buffer, 6% Trehalose. |
| Purity                     | Greater than 85% as determined by SDS-PAGE.   |
| Form                       | Liquid or Lyophilized powder  |
| Sequence                   | Full Length of Mature Protein   |

|                   |   |

| Application Notes | We recommend that this vial be briefly centrifuged prior to opening to bring the contents to the bottom. Please reconstitute protein in deionized sterile water to a concentration of 0.1-1.0 mg/mL. We recommend to add 5-50% of glycerol (final concentration) and aliquot for long-term storage at -20°C/-80°C. Our default final concentration of glycerol is 50%. Customers could use it as reference. |
