## Product Datasheet

### Streptavidin Recombinant RAY-228-13234-3

|                            |                                                                                                                                           |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Article Name               | Streptavidin Recombinant                                                                                                                  |
| Biozol Catalog Number      | RAY-228-13234-3                                                                                                                           |
| Supplier Catalog Number    | 228-13234-3                                                                                                                               |
| Alternative Catalog Number | RAY-228-13234-3                                                                                                                           |
| Manufacturer               | RayBiotech                                                                                                                                |
| Category                   | Proteine/Peptide                                                                                                                          |
| Expression System          | E. coli                                                                                                                                   |
| Purity                     | Greater than 98.0% as determined by SDS-PAGE and HPLC.                                                                                    |
| Form                       | Sterile Filtered White lyophilized (freeze-dried) powder.                                                                                 |
| Sequence                   | MAEAGITGTWYNQLGSTFIVTAGADGALTGTYESAVGNAESRYVLTGRYDSA<br>PATDGSGTALGWTVAWKNNYRNAHSATTWSGQYVGGAEARINTQWLLTSG<br>TTEANAWKSTLVGHDTFTKVKPSAAS. |
| Formula                    | Lyophilized in 10mM potassium phosphate buffer pH 6.5.                                                                                    |
