| Category                   | Antikörper                                                                                                                                                                                                                                                                                                                     |
| Immunogen                  | A synthetic peptide corresponding to residues GAPVPYPDPLEPR coupled to KLH. This antibody was produced from a hybridoma resulting from the fusion of E-tags with B cells obtained from a mouse immunized with the immunogen. The IgG fraction of tissue culture supernatant was purified by Protein G affinity chromatography. |
| Product Description        | Mouse Anti-E-tag Antibody...                                                                                                                                                                                                                                                                                                   |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                                                                                     |
| Clone Designation          | [3H6-F5]                                                                                                                                                                                                                                                                                                                       |
| Application Notes          | ELISA (recommended work dilution= 1:1000-5000), Western Blotting (recommended work dilution= 1:1,000)                                                                                                                                                                                                                          |
