| Alternative Catalog Number | RAY-BAH-TNFRSF5-TNFSF5-5                                                                                                                                                                                          |
| Manufacturer               | RayBiotech                                                                                                                                                                                                        |
| Category                   | Kits/Assays                                                                                                                                                                                                       |
| Species Reactivity         | Human                                                                                                                                                                                                             |
| Product Description        | The Human CD40 / CD40L Ligand Binding Assay Kit uses a rapid, simple, and sensitive method to characterize the binding affinity between CD40 and CD40L in the presence of potential inhibitors within 4 hours.... |
| NCBI                       | <a href="#">958</a>                                                                                                                                                                                               |
| Form                       | 96-well Microplate                                                                                                                                                                                                |
| Samples                    | Plasma, Serum, Antibodies, Proteins, Small Molecules, Peptides                                                                                                                                                    |
| Target                     | CD40 (TNFRSF5), CD40 Ligand (TNFSF5 / CD40LG)                                                                                                                                                                     |
| Application Notes          | Colorimetric                                                                                                                                                                                                      |
