| Species Reactivity         | Bovine, Human                                                                                                                                                              |
| Product Description        | RayBio Bovine Fibronectin ELISA Kit for Cell Culture Supernatants, Plasma, and Serum samples. Lead time: Typically ships within 1-2 business days. No Friday shipments.... |
| Range                      | 1.2 ng/ml - 300 ng/ml                                                                                                                                                      |
| Sensitivity                | 1.2 ng/ml                                                                                                                                                                  |
| Form                       | 96-well Microplate                                                                                                                                                         |
| Samples                    | Cell Culture Supernatants, Plasma, Serum                                                                                                                                   |
| Target                     | Fibronectin (FN1)                                                                                                                                                          |
| Application Dilute         | 500 fold                                                                                                                                                                   |
| Application Notes          | Colorimetric                                                                                                                                                               |
