| Category                   | Biochemikalien                                                                                                                              |
| Product Description        | Isochenodeoxycholic Acid-d4 is a deuterated compound of Isochenodeoxycholic Acid. Isochenodeoxycholic Acid has a CAS number of 566-24-5.... |
| Molecular Weight           | 396.6                                                                                                                                       |
| Formula                    | C24H36D4O4                                                                                                                                  |
