| Category                   | Biochemikalien                                                                                                                                                                                                                    |
| Product Description        | Weak inhibitor of trypsin. Conglutin-7 Protein, Arachis hypogaea, Recombinant (His) is expressed in E. coli expression system with N-6xHis tag. The predicted molecular weight is 22.0 kDa and the accession number is Q6PSU2.... |
| Molecular Weight           | 22.0 kDa (predicted)                                                                                                                                                                                                              |
