| Manufacturer               | TargetMol                                                                                                                                                                                                         |
| Category                   | Biochemikalien                                                                                                                                                                                                    |
| Product Description        | Antitoxin RelB Protein, E. coli, Recombinant (His & Myc) is expressed in E. coli expression system with N-10xHis and C-Myc tag. The predicted molecular weight is 16.1 kDa and the accession number is P0C079.... |
| Molecular Weight           | 16.1 kDa (predicted)                                                                                                                                                                                              |
