| Category                   | Biochemikalien                                                                                                                                                                                                                              |
| Product Description        | D-mannose specific lectin. Lectin Protein, Lens culinaris, Recombinant (His & Myc) is expressed in E. coli expression system with N-10xHis and C-Myc tag. The predicted molecular weight is 27.3 kDa and the accession number is P02870.... |
| Molecular Weight           | 27.3 kDa (predicted)                                                                                                                                                                                                                        |
