| Manufacturer               | TargetMol                                                                                                                                                                                                             |
| Category                   | Biochemikalien                                                                                                                                                                                                        |
| Product Description        | Type XII collagen interacts with type I collagen-containing fibrils, the COL1 domain could be associated with the surface of the fibrils, and the COL2 and NC3 domains may be localized in the perifrillar matrix.... |
| Molecular Weight           | 23.6 kDa (predicted)                                                                                                                                                                                                  |
